OPIS PRODUKTU

The 2016 **CAT 966M** wheel loader is a sturdy 24-ton machine with 12,258 hours of service. It is powered by a 229 kW CAT C9.3 engine, which ensures high productivity. The machine is equipped with an opening bucket for easy loading and unloading of materials. Operator comfort and safety are enhanced by air-conditioning, a rearview camera, a cab guard and work lights, which allows efficient work even in difficult conditions.
