OPIS PRODUKTU

The 2015 **Fuchs MHL 320 (5.2/3.7)** transloader excavator is a robust 21-ton machine with 5,874 hours. It is powered by an 85 kW Deutz TCD 2012 L06 2V engine. The machine is equipped with a 5.2-meter-long arm and a 3.7-meter-long boom, providing a long working range. Additional front and rear stabilizers guarantee stability during work. The loader has a raised cab, which increases visibility and operator comfort. Equipment also includes 10.00-20 tires, a rear camera, central lubrication, radio, air conditioning and work lights, which contributes to safety and convenience.
