- rear camera
- side camera

- manual lubrication
- radio
- heating
- air conditioning
- work light

OPIS PRODUKTU

The 2019 **Komatsu PC210LC-11** crawler excavator is a powerful machine with a weight of 23 tons and a mileage of 3,850 hours. It is powered by a 123 kW Komatsu SAA6D107E-3 engine. It is equipped with a monobloc boom and a Miller hydraulic quick coupler, which allows for efficient attachment changes. It also has hydraulics suitable for operating a shear or hammer and a digging bucket. Stability is provided by steel tracks with 700 mm wide plates. Rear and side cameras, a manual lubrication system, radio, heating, air conditioning and work lights add to comfort and safety.
