OPIS PRODUKTU

The 2020 **Komatsu PC210LC-11** crawler excavator, offered by Lupher, has worked 3,233 motor-hours and weighs 23 tons. The machine is equipped with a monobloc boom and a Miller hydraulic quick coupler, increasing its versatility on the job site. Powered by a 123 kW Komatsu SAA6D107E-3 engine, it provides adequate power for demanding tasks. In addition, the excavator has hydraulics suitable for operating a shear or hammer and a digging bucket. Equipment includes steel tracks with a width of 700 mm, a rear and side camera for increased safety, a manual lubrication system, and operator amenities such as radio, heating, air conditioning and work lights, ensuring comfort and efficiency.
