- work light

OPIS PRODUKTU

The 2019 **Komatsu PC290LC-11E0** crawler excavator is an efficient machine weighing 30.3 tons with 4,482 hours of operation. It is powered by a 159 kW Komatsu SAA6D107E-3 engine. It is equipped with a monobloc boom and a hydraulic quick coupler, which allows for quick and convenient attachment changes. The machine also has hydraulics suitable for operating a shear or hammer and a digging bucket. Stability is provided by steel tracks with 700 mm wide plates. In addition, the excavator is equipped with a rear and side camera, a manual lubrication system, radio, heating, air conditioning and working lights, which increases the comfort and safety of work.
