- work light

OPIS PRODUKTU

The 2019 **Komatsu PC290LC-11E0** crawler excavator is a powerful machine weighing 30.3 tons with 4,836 hours of operation. It is equipped with a 159 kW Komatsu SAA6D107E-3 engine, as well as a monobloc boom and hydraulic quick coupler, which allows for quick attachment changes. In addition, the machine has hydraulics suitable for operating a shear or hammer and a digging bucket. Stability is provided by steel tracks with 700 mm wide plates. Working comfort is enhanced by a rear and side camera, a manual lubrication system, radio, heating, air conditioning and working lights.
