## OPIS PRODUKTU

The 2018 **Komatsu PC490LC-11** crawler excavator is a powerful and reliable machine with a weight of 47.8 tons and a mileage of 5,938 hours. It is equipped with a 270 kW Komatsu SAA6D125E engine, as well as a monobloc arm and a hydraulic quick coupler for quick attachment connection. The machine has hydraulics suitable for operating a shear or hammer and a digging bucket. Stability is ensured by steel tracks with 800 mm wide plates. In addition, the excavator is equipped with a rear and side camera, a manual lubrication system, a radio, heating, air conditioning and working lights for greater comfort and safety.
