- three-piece boom
- Liebherr D934 S A6 105 kW
- shear/hammer hydraulics
- Rail track gauge: 1435 mm
- tire size: 10.00-20
- rear camera
- side camera
- central lubrication
- radio

- USB
- air conditioning

## OPIS PRODUKTU

The 2010 **Liebherr A900C ZW** two-way excavator is a reliable machine with a weight of 20.5 tons and a mileage of 11,635 hours. It is powered by a 105 kW Liebherr D934 S A6 engine. It is equipped with a triple-breaking arm and hydraulics adapted for scissor or hammer operation. Adaptation for track work is ensured by a rail track gauge of 1435 mm and tires of size 10.00-20. Additional equipment includes a rear and side camera, central lubrication system, radio, USB port and air conditioning, which increases operator comfort and safety.
