## **OPIS PRODUKTU**

The 2015 **Liebherr R924LC** crawler excavator is a high-performance machine weighing 24.2 tons with 10,612 hours of operation. It is powered by a 120 kW Liebherr D934 A7 engine. It is equipped with a monobloc arm and a Verachttert mechanical quick coupler, which allows for easy replacement of attachments. The machine has hydraulics suitable for operating a shear or hammer and a digging bucket. Stability is provided by steel tracks with 600 mm wide plates. Additional equipment includes a rear-view camera, central lubrication system, radio, heating, air-conditioning and working lights to enhance operator comfort and safety.
