- three-piece boom
- Liebherr SWA 66 mechanical quick coupler
- Liebherr D936 LA6 190 kW
- shear/hammer hydraulics
- digging bucket
- steel tracks
- insert width 600mm
- rear camera
- central lubrication

- radio
- heating
- air conditioning
- work light

OPIS PRODUKTU

The 2011 **Liebherr R944LC** crawler excavator is a powerful machine with a weight of 44 tons and 11,734 engine hours. It is powered by a Liebherr D936 LA6 engine with 190 kW. It is equipped with a triple-break arm and a Liebherr SWA 66 mechanical quick coupler for efficient attachment changes. The machine has hydraulics suitable for operating a shear or hammer and a digging bucket. Stability is provided by steel tracks with 600 mm wide plates. Additional equipment includes a rear-view camera, central lubrication system, radio, heating, air-conditioning and working lights for comfort and safety.
