OPIS PRODUKTU

The 2021 **Sennebogen 825 (8.5/5.8)** loader excavator is a modern machine weighing 28 tons and with 4,964 horsepower. It is powered by a 129 kW Cummins B6.7 engine. It is equipped with an 8.5-meter-long arm and a 5.8-meter-long boom, providing a wide working range. The machine is equipped with an under-magnet installation and a 15 kW Magnetanlagen RB15 generator for efficient handling work. Front and rear stabilizers ensure high stability during work. Operator comfort is enhanced by hydraulic high cab, which provides excellent visibility. Additional equipment includes 10.00-20 tires, a rear camera, a central lubrication system, radio, air conditioning and work lights for added convenience and safety.
