- radio
- air conditioning
- work light

OPIS PRODUKTU

The 2011 **Sennebogen 830 (9.8/7.5)** transloader excavator is a powerful 40-ton machine with a mileage of 17,002 hours. It is powered by a 151 kW Cummins QSB 6.7 engine. The machine is equipped with a 9.8-meter-long arm and a 7.5-meter-long boom, providing an impressive working range. It has an under-magnet installation and a 15 kW Dynaset HMG generator for efficient handling of metal materials. Front and rear stabilizers guarantee stability during operation. Operator comfort is enhanced by hydraulic high cab, which provides excellent visibility. Additional equipment includes 10.00-20 tires, a rear camera, a central lubrication system, radio, air conditioning and work lights for added comfort and safety.
