- work light

OPIS PRODUKTU

The 2010 **Sennebogen 860 (12.5/10.0)** transloader excavator is a powerful 80-ton machine with a mileage of 10,943 hours. It is powered by a 268 kW Cummins QSM11-C360 engine. It is equipped with a 12.5-meter-long arm and a 10.0-meter-long boom, providing an impressive working range. Front and rear stabilizers and a 1-meter-high pylon ensure excellent stability and better visibility during loading operations. Operator comfort is enhanced by a raised cab that provides better control over the loading and unloading process. Additional equipment includes 16.00-25 tires, a rearview camera, a central lubrication system, radio, air conditioning, and work lights for convenience and safety.
