Specyfikacja

- monoblock
- Volvo S1 mechanical quick coupler
- Volvo D7E EBE3 125 kW
- shear/hammer hydraulics
- ditching bucket
- steel tracks
- insert width 600mm
- rear camera
- manual lubrication

- radio
- heating
- air conditioning
- work light

OPIS PRODUKTU

The 2011 **Volvo EC240CNL** crawler excavator is a sturdy machine weighing 26.5 tons with 12,813 engine hours. It is powered by a 125 kW Volvo D7E EBE3 engine. It is equipped with a monobloc arm and a Volvo S1 mechanical quick coupler, which allows for efficient attachment changes. The machine has hydraulics suitable for operating a shear or hammer, as well as a dredge bucket. Stability is provided by steel tracks with 600 mm wide plates. Additional equipment includes a rear-view camera, manual lubrication system, radio, heating, air-conditioning and working lights to ensure operator comfort and safety.
