OPIS PRODUKTU

The 2018 **Volvo L150H** wheel loader is a modern machine with a weight of 26.1 tons and a mileage of 7,041 hours. It is powered by a 220 kW Volvo D13J engine, which ensures high productivity and reliable operation. The machine is equipped with a bucket with a capacity of 5 m³, which allows efficient handling of large amounts of material. Stability and traction are provided by tires of 26.5R25 size. Comfort and work safety are enhanced by a rear camera, air conditioning, a central lubrication system and working lights, which allows efficient work in various conditions.
